Familiar: PostgreSQL, jQuery, Bluebird, Mocha, Chai, Enzyme, Jasmine, SQL, HTML5, CSS3

Additional Skills: UX/UI Design

Projects

StackQuest: <http://stackquest.herokuapp.com/>

- An in-browser and open world multiplayer game based off of Mozilla's BrowserQuest.
- Project managed an Agile team using Waffle.io and contributed code to our full stack suite of technologies.
- The backend uses Web Sockets to update the map in real time for all users. The front end leverages React, Redux, and Phaser to create an interactive and enjoyable feel.

Partnerize: <https://github.com/gabrielwr/climbingPartner>

- A React Native mobile application that allows users to connect with rock climbers nearby.
- Envisioned, ideated, and executed project over 2-day span.
- Uses the Geolocation API, Sockets, and Firebase to update users in real time and allow for seamless chat between users.

Work Experience

TEACHING FELLOW & SOFTWARE ENGINEER, FULLSTACK ACADEMY; NYC, NY – JUNE 2017-PRESENT

Collaborated with an Agile engineering team and developed and maintained Fullstack's internal software platform. Mentored, debugged, and taught concepts and best practices to 40+ students. Oversaw two projects from development to deployment as team manager, technical mentor, and code reviewer. Orchestrated weekly technical interview prep for algorithm and whiteboard problems for senior students.

SALES SPECIALIST, REI; BOSTON, MA – JUNE 2015-DECEMBER 2015

Exceeded sales metrics and recognized as a top salesman of REI cooperative memberships for the Boston store. Advised customers about the appropriate gear for their outdoor needs.

EMERGENCY MEDICAL TECHNICIAN, HAMPSHIRE COLLEGE EMS; AMHERST, MA – 2011-2014

Collaborated with a 16-member team of certified EMTs to provide emergency medical support to the Hampshire College community. Dedicated multiple 12 hour on-call shifts a week and cultivated group discussions focused on improving our services and quality of care.

Education

Fullstack Academy of Code, New York, NY — May, 2017

- Selective (< 8% acceptance rate) 17-week 1000+ hour full-stack software development program

Oregon State University, Corvallis, OR — Bachelor of Science, Expected 2018

- 3.74 GPA / Computer Science

Hampshire College, Amherst, MA — Bachelor of Arts, 2014
